TELSTRA TOWER REPLACEMENT WORKS AT MOUNT ROUSE

Works are due to commence around the summit of Mount Rouse to replace and relocate Telstra's mobile phone tower. These works will result in construction traffic and heavy vehicles such as cranes being present over several weeks.

Minor disruption to public access on Waller Road, particularly near the summit of Mount Rouse, may occur during construction. Pedestrian access to the summit viewing area should be unaffected but may require an additional 150m walk as vehicle access beyond the picnic facilities is likely to be restricted from time to time.

Telstra's contractors are committed to minimising inconvenience to visitors but request public co-operation to ensure the safety of all concerned during construction.

For further information and a map of track closures please visit Council's website www.sthgrampians.vic.gov.au or contact Council on 03 5573 0444.
