

COMMUNITY VISIONING FRAMEWORK 2041 (CVF2041) - COMMUNITY LISTENING POST ONLINE SESSIONS

Council is seeking community input into local and Shire-wide plans for the 2041 Community Vision Framework Project and invite residents to join us online for the first of a series of conversations.

The Community Vision Framework 2041 (CVF2041) project aims to develop a future vision for Southern Grampians Shire by encouraging innovation through industry, the delivery of community led initiatives and the building of dynamic partnerships with others.

CVF2041 is a Council-led initiative that seeks to improve the long-term sustainability of the Shire's towns, businesses, community groups and services, and population through the exploration and development of new opportunities.

Due to the COVID-19 pandemic and to ensure social distancing, Council will be holding the community meetings online. You can register for your township session by visiting <https://www.surveymonkey.com/r/CVF2041> or contact Council on 5573 0444.

The feedback gathered during the sessions will inform the CVF2041 project and contribute to the development of a new Council Plan commencing in 2021 following the Council election.

TOWNSHIP	DATE	TIME
Coleraine, Balmoral & Cavendish	Tuesday 13 October 2020	6:00pm-7.30pm
