PARTIAL CLOSURE OF BROWN STREET AND TYERS STREET FOR MODIFICATION OF RAISED PEDESTRAIN CROSSINGS

As part of Council's Capital Works Program 2018/19, the existing pedestrian crossing on Brown Street and Tyers Street are to be altered to flatten the existing ramps at both sides. The construction work will commence on **Monday, 7 January 2019 at Brown Street and Monday, 14 January 2019 at Tyers Street**. It is anticipated the works will be completed within five days in each site, weather permitting.

During works, the road will be confined to a single lane and traffic control will be in place. Delays are expected during construction and the council suggests motorists and pedestrians to avoid the areas if possible. The proposed modifications to the existing crossings will improve pedestrian safety at these high traffic locations.

Council appreciates your patience during these works.
