### 12 Management Reports

#### 12.1 Electric Vehicle Charging Policy

**Directorate:** Infrastructure and Sustainability

Report Approver: Marg Scanlon (Director Infrastructure and Sustainability)

**Report Author:** Juan Donis, Sustainable Community Lead **Presenter(s):** Juan Donis, Sustainable Community Lead

**Attachment(s):** 1. Council Policy EV Policy - Final [12.1.1 - 3 pages]

#### **Executive Summary**

Council is committed to improving environmental sustainability and supporting alternative transport options across the Shire. Facilitating the transition to electric vehicles through providing access to electric vehicle (EV) charging infrastructure plays an important role in meeting these commitments.

The purpose of this policy is to facilitate a coordinated roll-out of EV charging infrastructure across the Shire which will be fundamental to meet the proposed emissions reduction targets. This policy's intent is to guide the consideration, engagement and resolve for the installation of EV charging infrastructure on Council-owned or managed land. This draft EV Charging Station Policy is presented to Council following the community exhibition period of the draft policy, which resulted in one submission being received.

#### **Discussion**

The purpose of this policy is to outline Council's role in relation to EV Charging Infrastructure requests and/or installations on land owned or managed by Council.

Council recognises the need for a greener future with the Federal Government introducing new minimum standards for combustion engine vehicles which has created a new market for electric vehicles. To support this transition, infrastructure will be required to be installed within our Shire. This draft policy will guide the Council decision process when assessing a request from within Council and/or external providers seeking to install EV charging infrastructure on Council owned or managed land.

Council acknowledges the projected increase in EV's in the future and subsequently the need for more charging infrastructure particularly within Hamilton central business district. Council also has the capacity to enable locations within the CBD and support commercial providers of EV charging station infrastructure within the Shire. The changing landscape of EV purchasing and use is a key consideration and therefore Council and/or commercial providers need to be prepared to respond to a potential increase in requests for EV charging stations within the Shire. Council supports commercial developments/initiatives to establish EV charging infrastructure within SGS.

A key aspect of this draft policy is that Council will support third party commercial operators to install, operate and maintain their EV charging infrastructure in locations consistent with the following factors:

- Proximity to shopping areas enables patronage to local businesses during short stay charging.
- Destinations where people visit for relatively longer charging durations.
- Areas close to community activities and facilities.
- Priority locations where future EV demand is expected to be high with minimal impact on parking needs.
- Impact on streetscape, amenity and public open space is minimised.
- Installation of a range of slow, medium and fast EV chargers to cater for different charging needs.
- EV charging locations will be listed on Council's website and through external channels where appropriate.
- Land Manager Consent and licence Agreement process applies where relevant.
- A public interest test assessing the proposal's community/commercial benefit, project costs and associated risks.
- In the absence of Australian Standards mandating a single connector standard, Council encourages EV chargers that prioritise compatibility with EVs in the public market. Where possible, Council favours Combined Charging System with capability for both Alternating Current and Direct Current charging.

In addition, Council requires all proposals for EV charging infrastructure in public places to address:

- Consultation with utilities and the community, particularly neighbouring residents and businesses;
- Public use of the EV charging infrastructure at standard industry rates;
- Data sharing conditions to understand charging statistics;
- Full life-cycle responsibility for infrastructure, from installation, operation, maintenance and removal;
- All costs to be covered by the proponent;
- Electrical infrastructure is powered by 100% renewable energy;
- Appropriate EV parking, signage and line marking;
- Inclusion of lighting (where not existing or sufficient)
- Infrastructure to be compliant with all the required Australian Standards; and
- Compliance with Disability Discrimination Act 1992 and
- Crime Prevention Through Environmental Design assessment.

#### **Financial and Resource Implications**

There are a range of options within the industry and subsequently there may be opportunities for Council to generate revenue from the provision of EV Charging Infrastructure. Options will be further considered as technologies, and various models are made available throughout the market.

#### Council Plan, Community Vision, Strategies and Policies

#### **Protect Our Natural Environment**

4.4 Mitigate against and adapt to climate change

- 4.4.1 Investigate opportunities to reduce emissions and waste.
- 4.4.3 Plan for climate resilience in Council and community infrastructure.

#### Legislation

This policy complies with Council's requirements under the Local Government Act 2020.

#### **Gender Equality Act 2020**

Gender impact assessment is not required for this policy. Consideration of the location and siting of the EV Charging Stations would include Gender Equality to ensure access and safety are considered.

#### **Risk Management**

This draft policy reduces reputational risk to Council through the establishment of a consistent approach for Council decision making in relation to the installation and operation of EV Charging infrastructure, location, funding model and size requirements.

#### Climate Change, Environmental and Sustainability Considerations

The electrification of transport in Victoria will play a key role in reducing carbon emissions. To promote EV usage, the charging infrastructure needs to be readily available for use.

#### **Community Engagement, Communication and Consultation**

Community consultation and engagement has been completed as the draft policy was advertised for public comments for a period of 30 days.

Council does receive comments from tourists and regular travelers who report that the limited charging options within Southern Grampians is a constraint. These reports typically reference other regional towns that have EV charging infrastructure readily available. This policy is a contributing factor to Council's commitment to regional tourism.

#### **Disclosure of Interests**

All Council Officers involved in the development and advice provided in this Report affirm that no general or material interests need to be declared in relation to any matters in this Report.

Juan Donis, Sustainable Community Lead Marg Scanlon, Director Infrastructure and Sustainability

#### **RECOMMENDATION**

#### That Council:

1. Adopt the Electric Vehicle Charging Policy

#### **COUNCIL RESOLUTION**

MOVED: Cr Henry SECONDED: Cr Manning

That Council adopt the Electric Vehicle Charging Policy

12.2 Planning Committee Meeting - 18 December 2024

**Directorate:** Wellbeing, Planning and Regulation

**Report Approver:** Rory Neeson (Director Wellbeing, Planning and Regulation) **Report Author:** Sharon Clutterbuck (Executive Assistant to Director Wellbeing,

Planning and Regulation)

Attachment(s): 1. Planning Committee Meeting - Minutes - 18 December 2024 -

confirmed [12.2.1 - 30 pages]

#### **Executive Summary**

The Minutes from the Planning Committee meeting held on 18 December, 2024 and endorsed by members of the Committee are presented to Council for information.

#### Discussion

This committee was established as a Delegated Committee of Council on 12 August 20220 in accordance with Section 64 of the *Local Government Act 2020*.

Matters for consideration at a Planning Committee:

- All planning permits valued between \$5 million and \$10 million (or less if the officer is recommending refusal except if refusal relates to a matter which is prohibited under the Planning Schem).
- All planning permits that receive between 10 and 20 objections.
- All applications where the officer is recommending refusal (except if refusal relates to a matter which is prohibited under the Planning Scheme).
- Power to decide to grant an amendment to a planning permit if the value of the
  original development exceeds \$5 million or if 10 or more objections were received, or
  if the officer is recommending refusal (except if refusal relates to a matter which is
  prohibited under the Planning Scheme)
- All planning permits made pursuant to Section 97C of the *Planning and Environment*Act 1987 to request the Minister to decide the application.
- All planning scheme amendment under section s.8A(7) of the *Planning and Environment Act 1987* to prepare the amendment specified in the application without the Minister's Authorisation if no response received after 10 days.
- All planning scheme amendments that clarify or correct mistakes in the Planning Scheme (applied for under Section 20(4) of the Planning and Environment Act 1987).
- Whether applications should be referred to the full Council for a decision.

The meeting on 18 December considered the following matter:

TP-33-2024 proposed a permit under Clause 35.07 Farming Zone for the subdivision of land at 198 Partridges Road Hamilton, and the creation of an easement.

The Committee resolved to refuse to grant a permit and the reasons for refusal are outlined in the minutes.

#### **Financial and Resource Implications**

Preparation of reports, agenda and minutes of the Planning Committee Meeting utilises Counci resources. Council Officers present reports and provide information to the committee.

#### Council Plan, Community Vision, Strategies and Policies

#### **Grow Our Regional Economy**

- 2.4 Support local business and industry
- 2.4.2 Support and facilitate business development and growth initiatives.
- 2.4.3 Streamline services to reduce red tape in approval process.

#### Legislation

The *Planning and Environment Act 1987* provides that certain local government authority responsibility and functions can be delegated to Committees of Council or Council Officers.

#### **Gender Equality Act 2020**

There are no gender equality implications

#### **Risk Management**

There are no risk management implications through Council receiving these Planning Committee minutes, however a variety of factors relating to risk were considered as part of decisions made by the Planning Committee at each meeting.

#### Climate Change, Environmental and Sustainability Considerations

Whilst there are no direct implications in this category associated with the report, it should be noted that Council and the committee are committed to producing documentation and data through systems that have the least impact on the environmental. Agendas, reports and minutes are produced electronically and distributed via email. Presenters have the option to attend meetings virtually to reduce the need for travel.

#### **Community Engagement, Communication and Consultation**

A copy of the Minutes is available on Council's website.

#### **Disclosure of Interests**

All Council Officers involved in the development and advice provided in this Report affirm that no general or material interests need to be declared in relation to any matters in this Report.

Sharon Clutterbuck, Executive Assistant, Director Wellbeing Planning and Regulation Rory Neeson, Director Wellbeing, Planning and Regulation.

#### **RECOMMENDATION**

That Council receive the Minutes of the Planning Committee meeting held on 18 December, 2024.

#### **COUNCIL RESOLUTION**

MOVED: Cr Manning SECONDED: Cr Calvano

That Council receive the Minutes of the Planning Committee meeting held on 18 December, 2024.

12.3 Mayor on Leave - Acting Requirements

**Directorate:** Chief Executive Office

**Report Approver:** Tony Doyle (Chief Executive Officer)

**Report Author:** Nadine Rhook (Executive Assistant to Director People and

Performance)

Attachment(s): Nil

#### **Executive Summary**

The Mayor, Cr Dennis Heslin, has indicated that he will be taking leave from 13 March 2025 and 7 April (inclusive) and will be absent from Council Briefing's scheduled for 26 March 2025 and 2 April 2025.

It will be necessary for Council to appoint a Councillor to be Acting Mayor during this period.

#### Discussion

The Local Government Act 2020 (Division 3 - Section 20B) provides that 'A Council may appoint a Councillor to be the Acting Mayor when – the Mayor is unable for any reason to attend a Council meeting or part of a Council meeting or the office of Mayor if vacant.'

Convention would hold that in periods of absence of the Mayor, the Deputy Mayor would be appointed to that role, however, Council has determined not to appoint a Deputy Mayor.

As per Council's Governance Rules; The election of the Mayor must – a) be chaired by the Chief Executive Officer; and b) subject to this section, be conducted in accordance with the Governance Rules.

#### Background

The Local Government Act (Division 3 - Section 20B) (2) states that 'An appointment under subsection (1) must be for a period specified by the Council'

This would be a decision which needs to be made a formal public Council Meeting.

Councillors have the option of taking leave during their term serving as an elected Shire Councillor with a restriction to the number of consecutive Ordinary Meetings they can miss being limited to three.

Councillors are to be informed, consulted and make the decision as to the appointment or otherwise of an Acting Mayor. In doing this consideration is given to the broad duties of a Mayor and the expectation of the community to have an elected councillor available to represent the Shire Council on matters relevant to their community.

#### **Financial and Resource Implications**

There are no financial implications pertaining to this matter.

#### Council Plan, Community Vision, Strategies and Policies

Objective 1, Leadership and Good Governance includes strategies for ensuring that our actions contribute positively to sound relationships and engagement with our local communities (1.2.3) and for engaging with our communities on the issues important to their quality of life, health and wellbeing (1.2.4).

#### Legislation

The Local Government Act provides for the appointment of an acting Mayor for the purpose of chairing meetings.

The Councillor Code of Conduct (Section 16 Communication) provides that

The Mayor will provide official comment to the media on behalf of Council where the matter is of a political, controversial or sensitive nature. This includes:

- 1. State-wide political issues affecting Local Government
- 2. Contentious local issues that impact the community that do not relate directly to the
- 3. business of Council but to the representation of the community
- 4. Issues pertaining to policy and Council decisions
- 5. Issues relating to the strategic direction of the Council.

The Mayor may nominate a Councillor Delegate or another Councillor to make official comment on behalf of the Council, where appropriate.

#### **Gender Equality Act 2020**

There are on impacts pertaining to the Gender Equality Act 2020.

#### **Risk Management**

An organisational risk factor may emerge through uncertainty in who is delegated to comment on behalf of Council in the absence of the Mayor.

#### Climate Change, Environmental and Sustainability Considerations

There are no Climate Change, Environmental and Sustainability impacts pertaining to this matter.

A social implication might be seen in ensuring there is an appropriate representation to provide comment to the community on behalf of Council.

#### **Community Engagement, Communication and Consultation**

No community engagement in considering this matter is required.

#### **Disclosure of Interests**

All Council Officers involved in the development and advice provided in this Report affirm that no general or material interests need to be declared in relation to any matters in this Report.

Please list all officers who were involved in providing advice or approving this Report.

Tony Doyle, Chief Executive Officer

#### RECOMMENDATION

That Council appoint an Acting Mayor during the period of 13 March 2025 until 7 April 2025.

#### **COUNCIL RESOLUTION**

MOVED: Cr Calvano SECONDED: Cr Barber

That:

- 1. Council appoint an Acting Mayor for the period 13 March 2025 to 7 April 2025.
- 2. The CEO conduct the election immediately following this decision.

**CARRIED** 

The Chief Executive Officer conducted the election of the Acting Mayor.

Cr Campbell nominated Cr Barber who accepted the nomination.

There were no other nominations; Cr Barber was declared Acting Mayor for the period 13 March 2025 to 7 April 2025.

# **13 Notices of Motion**

There were no Notices of Motion listed on tonight's agenda.

# **14 Urgent Business**

#### PROCEDURAL MOTION

That Council admit the Notice of Motion: Emergency Services and Volunteer Fund as an item of Urgent Business.

#### **COUNCIL RESOLUTION**

MOVED: Cr Henry SECONDED: Cr Rainsford

That Council admit the Notice of Motion: Emergency Services and Volunteer Fund as an item of Urgent Business.

The MOTION was PUT and CARRIED

14.1 Notice of Motion #4/25 - Cr Henry - Emergency

  - the Victorian Minister for Local Government and.
  - to our local Victorian Parliamentary representatives

to formally object to Council collecting the Emergency Services and Volunteers Fund Levy (formerly the Fire Levy) , on behalf of the State Government, on the basis that the;

- a. Victorian Government should be utilising the State Revenue Office, to collect the new tax.
- b. Victorian Government has not adequately engaged or consulted with Local Government regarding the introduction of a tax
- c. Emergency Services and Volunteers Fund Levy unfairly impact regional ratepayers, particularly Victorian farmers.
- d. Local agricultural businesses are in the midst of a prolonged and severe drought period.
- e. Recent significant, unprecedented and prologued fire event (The Grampians Fires) in our region that has placed an enormous burden on our region's residents
- f. Administrative burden will be too great for rural Councils, necessitating system upgrades and, will significantly impact Council staff who will need to manage ratepayers requesting assistance and experiencing bill shock.
- g. Emergency Services and Volunteers Fund Levy falls outside of our existing rating policy principles of equity, efficiency, simplicity, benefit and capacity to pay.
- 2. That the MAV representative Cr Rainsford, contact the Municipal Association of Victoria (MAV) and urge them to urgently convene an emergency meeting to establish their position and future strategy upon the matter above.
- 3. That the Mayor of the Southern Grampians Council contact the relevant regional groups and Mayors to in other rural Shires to urge them to urgently establish their position and future strategy upon the matter above.
